Do you teach in the Sciences, Mathematics or the Applied Sciences?

University teachers in the Sciences, Mathematics or the Applied Sciences have an opportunity to share ideas and keep up to date through the Australian Conference on Science and Mathematics Education.

This year's conference is being held from 29 September to 1 October at the University of Sydney and the University of Technology, Sydney.

The theme of the conference is Student engagement: From the classroom to the workplace. How can educators design and implement classroom activities (physical, online or blended) and assessments to facilitate and reward student engagement and encourage ownership of learning and graduate attributes?

Keynote speakers include Professor Tina Overton (Monash University) and Professor Beverley Oliver (DVC Education, Deakin University).

Submissions will open from 10 April and include:

- Abstract only: Extended abstract between 300-500 words
- Non-refereed paper: Full article submission 3-4 pages
- Refereed paper: Full article submission 5-6 pages
- Ideas Exchange (Roundtable/Nuts and Bolts'): An opportunity to road test your work in progress or yet to be tried ideas, with colleagues in the field
