Information just released on the Innovation and Development Grants for 2015 includes some significant changes.

If you are interested in a larger scale project on one of the priority topics, you should consider putting in a full application or an EOI in this round. Those wanting to apply for a Seed grant are invited to submit applications in Round 2, mid 2015.

These changes will be among the information covered in the workshop being offered by the ITL on:
- Friday 26 September 1.00-3.00pm

The 2015 grants rounds will cover only those types of applications below:

**Round 1 (closing November 2014) is for Full Proposals and EOIs**

**Round 2 (closing June 2015) is only for Full proposals from successful Round 1 EOIs and Seed grants**

The new priorities for Full proposals, EOIs and Seed grants are:
- Academic standards
- Assessing equivalence of qualifications and learning outcomes
- Assessment and promotion of student learning (on selected topics)
- Curriculum design (on selected topics)
- Employability skills
- Improving institutional pathways across higher education
Improving access to and outcomes in higher education for Aboriginal and Torres Strait Islander people

The contemporary PhD

All applications require institutional approval. Information about making an application and sources of advice and support for doing so are available on the [ITL website](#).
