WHY USE EXPERIENTIAL LEARNING TEAMS?

• Enhances autonomy - learner independence and interdependence

• Enhances connectedness
  – Teaching-research nexus – students as peer tutors engaged in collaborative research
  – Promotes emotional health & well being, retention – peer support, informal mentoring, networks
  – Builds community with shared values if embedded across curriculum

• Promotes engagement & Lifelong Learning

• Builds L&T capacity in staff and students
  • Develops multiple capabilities – life/work
  • Enhances content learning

PAY ATTENTION TO:

• Experiential learning cycle & reflection
• Logistics/resources
• Assessment - process & product
• Training & support for staff & students

LAST WORD:
Do it well or don’t do it at all!
